

FOR MORE THAN 60 YEARS, SCHOLL CONCEPTS HAS BEEN
A PIONEER IN HIGH-END PAINT SURFACE FINISHING

WHO WE ARE Scholl Concepts is one of the world's leading innovators in professional surface finishing. With our integrated Pad + Polish System, we deliver OEM-level performance and maximum efficiency for the most demanding applications.

WHERE WE PERFORM

Our systems are used wherever a flawless surface is mission-critical.

Born in the heart of the automotive industry, we develop and manufacture full surface finishing systems — pads, polishes and processes — Made in Germany

WHY SCHOLL CONCEPTS

- German Engineering, Proven Worldwide
- Patent-Protected Performance Pads
- Faster Systems. Fewer Steps.
- Maximum Gloss. Minimum Risk.
- Trusted in the Champions League of Finishing

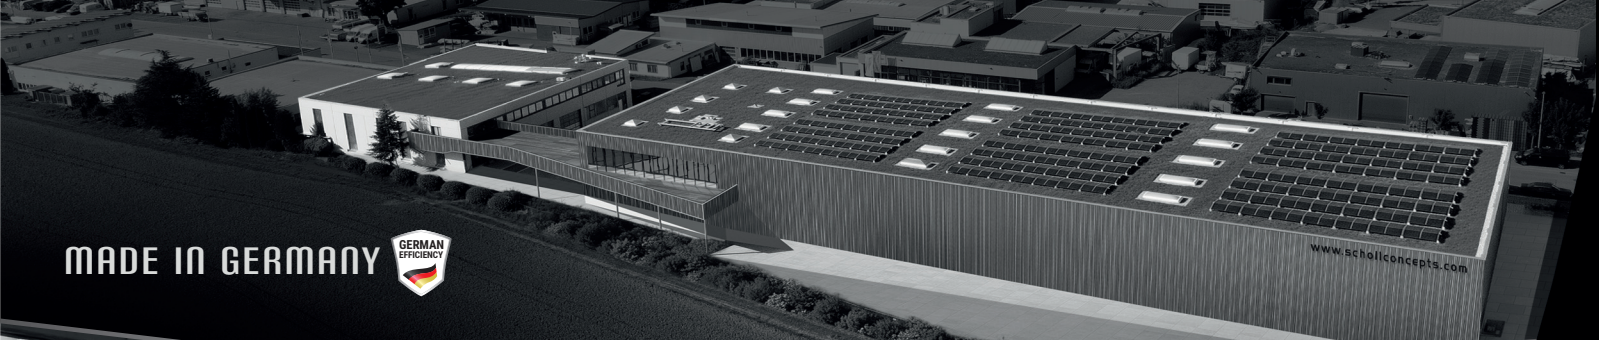

We don't sell products — we deliver results. High-end finishes with less effort, fewer steps and absolute process control.

WHAT MAKES US DIFFERENT

- One system: Pad + Polish + Process from a single source
- Patent-driven pad technology (Spider System)
- Unique "IPT Powder-Technology" – combining cutting performance and physical gloss at an unmatched level
- Fast correction, fewer process steps, higher efficiency
- OEM-grade finish quality on all surfaces and coatings

MADE IN GERMANY

Become a Partner

We are expanding our global network and are looking for strategic distribution partners who share our premium mindset.

Private label opportunities available for selected key accounts.
